VI. NEW PLACE WAS OPEN.

(3)

Saturday 21 Aug. 2010

we had there 62 souls in KILUMBA 2, in the fulwood in the fields.

VII. In KILUMBA 1, there is

- the evangelist Nkomba Bsaïe who will continue working on 2 mists till I shall find an evangelist for the new place.

- In Kilumba 1, the chief of village want I create a Primary school for children whom are suffering to do 7 miles going and from school.

My response, I said: it claims enough money nammel it's impossible.

- I asked the chief to gather the people, I told the people to cultivate 200/200m of maiges to sale, with help of God perhaps 4 classe-rooms will be built, to cover once with leaves and seeking some materials. But the Teachers will be supported with 3 measures of maiges each monthly and each parent will pay 3 measures for his child. It is suggested for unknown future.

VIII. SHENTELI.

(a) The bricks will be done next year but presently we are fixing woods and, other christians seek leaves to do the roof.

(b) The chief Nyoy Munga asks me to open a Primary school, I give the same response of impossibility, financially. In shenteli, the evangelist is Mr. Mpande Christophe.
